Correction to: Metacognitive therapy and work-focused interventions for patients on sick leave due to anxiety and depression: study protocol for a randomised controlled wait-list trial

Kenneth Sandin^{1,2*}, Ragne G. H. Gjengedal^{1,2}, Kåre Osnes¹, Marit Hannisdal¹, Torkil Berge¹, Jonas S. R. Leversen¹, Lars G. Røv¹, Silje Endresen Reme³, Suzanne Lagerveld⁴, Roland Blonk⁵, Hans M. Nordahl⁶, Gemma Shields⁷, Adrian Wells^{7,8} and Odin Hjemdal^{1,2}

Correction to: *Trials* 22, 854 (2021)
<https://doi.org/10.1186/s13063-021-05822-4>

Following the publication of the original article [1], we were notified of the below corrections:

- In the Abstract, under “Methods”, the final sentence originally began with “Symptoms of scores...” and was corrected to “Symptoms of depression and anxiety...”
- Under Background on page 3, the second sentence of the final paragraph: “This waitlist RCT primarily evaluates the changes in symptoms of depression and anxiety depression and anxiety percentage of sick leave...” was corrected to: “This waitlist RCT primarily evaluates the changes in symptoms of depression and anxiety, depression and anxiety percentage of sick leave...”

The original article has been corrected.
