

Increased neutrophil-lymphocyte ratio is a poor prognostic factor in patients with primary operable as well as inoperable pancreatic cancer

M Stotz, A Gerger, F Eisner, J Szkandera, H Loibner, A L Ress, P Kornprat, W AlZoughbi, F S Seggewies, C Lackner, T Stojakovic, H Samonigg, G Hoefler and M Pichler

Correction to: *British Journal of Cancer* (2013) **109**, 416–421. doi:10.1038/bjc.2013.332

Owing to an error during final correction and data submission to PubMed, two of the author names (AL Ress and W AlZoughbi) were incorrectly presented in PubMed and on the *BJC*

website upon publication in Volume 109, Issue 2 of the Journal.

The full and correct author listing for the paper is now shown above and has been subsequently submitted to PubMed.

The publishers apologise for this error.
