eFigure 2. Funding Entities of Vaccine Clinical Trials

This supplementary material has been provided by the authors to give readers additional information about their work.

eFigure 1. Geographic Distribution of Vaccine Trials

Legend: This figure demonstrates the distribution of trial sites in the United States as determined by standard census region. Many clinical trials took place at two or more sites, bringing the total to greater than 230. Those with one or two sites were documented within the map. Multiregional represents trials with two sites or greater.

eFigure 2. Funding Entities of Vaccine Clinical Trials

Legend: This figure demonstrates funding entities of vaccine clinical trials. Many trials had more than one funder, bringing the total to greater than 230. Non-NIH U.S. Fed Includes United States Department of Defense, Walter Reed Army Institute of Research (WRAIR) among others.
