This Article contains errors.

As a result of an error during figure assembly, in Figure 3F the images for Nile Red/DAPI control and DETA/NO are duplicates of Figure 2A Nile Red/DAPI images for control and GSNO, respectively. The corrected Figure 3F is included below as Figure 1.

Figure 1.

These corrections do not affect the conclusions of the Article.

Additionally, the raw data for all replicates for Figures 2A and 3F are now shown in the Supplementary Information file included below.
