Correction to: Comparison between the musician-specific seating position of high string bow players and their habitual seating position – a video raster stereographic study of the dorsal upper body posture

Daniela Ohlendorf^{1*}, Jennifer Marx¹, Kathrin Clasen², Eileen M. Wanke¹, Stefan Kopp², David A. Groneberg¹ and Stefanie Uibel¹

Correction to: Journal of Occupational Medicine and Toxicology (2018) 13:34.
<https://doi.org/10.1186/s12995-018-0217-6>

After publication of the original article, the authors reported an error which needed to be corrected:

In the methodology section of the article [1], Fig. 1 and Fig. 2 have been mistakenly published. They exemplify the methodology of the back scan. The correct two figures are listed below. The legends remain the same.
