The Effect of Bariatric Surgeries on Nonalcoholic Fatty Liver Disease: Erratum

In the article, “The Effect of Bariatric Surgeries on Nonalcoholic Fatty Liver Disease”, which appeared in the pages 270-278, Issue 5, Vol 20 of The Saudi Journal of Gastroenterology,^[1] the name of the author and her affiliation is missing. The name of the author is “Tamader A. Aldoheyan” and her institute is “Department of Surgery, College of Medicine, King Khalid University Hospital, Riyadh, Saudi Arabia”. Therefore the author name sequence should be as “Mazen Hassanian, Amnah Al-Mulhim, Atheer Al-Sabhan, Shaden Al-Amro, Fahad Bamehriz, Ayman Abdo¹, Hisham Al Khalidi, Tamader A. Aldoheyan” and their respective affiliation should be as following:

Department of Surgery, College of Medicine, King Khalid

University Hospital, ¹Liver Disease Research Center, King Saud University, Riyadh, Saudi Arabia.

The correct “How to cite this article” section should read as “Hassanian M, Al-Mulhim A, Al-Sabhan A, Al-Amro S, Bamehriz F, Abdo A, Al Khalidi H, Aldoheyan TA. The effect of bariatric surgeries on nonalcoholic fatty liver disease. Saudi J Gastroenterol 2014;20:270-8.”

These have now been corrected and reposted online.
