The author wishes to make an erratum to the published version of the paper [1]. The citation order was mistaken in the production process and three references needed to be added to the References section; thus, the reference list needs to be updated. Moreover, in Section 2.3.3. of the main text, the correct reference for the AC-MT battery is [73]; in the discussion, the correct reference for Beebe and Gonzal is [94]; and in the final paragraph, “Furthermore, it is important to remember that medical and/or behavioural treatment on sleep disorders (that are related to sleepiness) and, in particular, on sleep habits and hygiene may be in some cases effective and recommended in order to reduce the cognitive difficulties due to sleepiness”, the correct references are [5,123–125].

The correct reference list is listed as below:
