Received 12 October 2015; accepted 12 October 2015

In the paper by Asiri *et al.* [*Acta Cryst.* (2012), E68, o1154], the title and the chemical name of one of the reagents used in the synthesis are corrected.

In the paper by Asiri *et al.* (2012), the chemical name given in the title should be '(4Z)-4-Benzylidene-2-(4-methylphenyl)-1,3-oxazol-5(4H)-one'. In the *Experimental* section of the *Supporting information*, the reagent used was '4-methylbenzoylglycine' and not '4-methoxybenzoylglycine' as stated.
