

Corrigendum

Correction to ‘Optimized design of antisense oligomers for targeted rRNA depletion’

Wesley A. Phelps, Anne E. Carlson and Miler T. Lee *

Department of Biological Sciences, University of Pittsburgh, Pittsburgh, PA 15260, USA

In the penultimate sentence in Materials and Methods - RNaseH-mediated depletion, the article listed an incorrect product number for the kit used to purify and size select rRNA-depleted samples. The correct product number is R1013 (Zymo RNA Clean and Concentrator-5).

The article (1) has been updated. The correction does not affect the results, discussion and conclusions presented in the article.
