Correction: expanded HIV pre-exposure prophylaxis (PrEP) implementation in communities in new South Wales, Australia (EPIC-NSW): design of an open label, single arm implementation trial

Iryna B. Zablotska^{1*}, Christine Selvey², Rebecca Guy¹, Karen Price³, Jo Holden², Heather-Marie Schmidt², Anna McNulty⁴, David Smith⁵, Fengyi Jin¹, Janaki Amin^{1,6}, David A. Cooper¹, Andrew E. Grulich^{1*} and on behalf of the EPIC-NSW study group

Correction

After publication of the article [1], it has been brought to our attention that one of the members of the EPIC-NSW study group has had their name spelt incorrectly in the acknowledgements. The article mentions “Muhammad Hammoud” when in fact the correct spelling is “Mohamed Hammoud”.
