Correction to: Naunyn–Schmiedeberg’s Archives of Pharmacology

<https://doi.org/10.1007/s00210-021-02145-8>

The authors regret that the Fig. 7A contains only a low quality screenshot of the original recording with additional content not intended for the publication. In the first draft, this screenshot acted as placeholder that should be replaced. During figure preparation, it was unfortunately forgotten to insert the final version of the original recording.

In order to meet the high standard of Naunyn-Schmiedeberg's Archives of Pharmacology and to ensure data protection, we would like to perform a corrigendum of Fig. 7A, which would only affect the graphical presentation of the original recording and not the scientific statement. The revised Fig. 7 is shown below.

We sincerely apologize for any inconvenience.
