## Publisher Correction: Protective effects of fermented goat milk on genomic stability, oxidative stress and inflammatory signalling in testis during anaemia recovery

Jorge Moreno-Fernandez<sup>1,2</sup>, María J. M. Alférez<sup>1,2</sup>, Inmaculada López-Aliaga<sup>1,2</sup> & Javier Diaz-Castro<sup>1,2</sup>

Correction to: *Scientific Reports* <https://doi.org/10.1038/s41598-018-37649-6>, published online 19 February 2019

Due to a typesetting error, the original version of this Article was published without vertical delineation in the blots which appear in Figure 2 and in the Supplementary Information file Figure S1. These errors have been corrected in the versions of Figure 2 and the Supplementary Information that now accompany the Article.
