(Molecular Therapy: Nucleic Acids 9, 294–311; December 2017)

This article has been retracted at the request of the editors of *Molecular Therapy – Nucleic Acids*.

After receiving an email from one of the authors, evidence for image duplication in identical or altered fashion in Figures 7J, 9C, and S2 was identified. This reuse (and in part, misrepresentation) of data without appropriate attribution represents a severe abuse of the scientific publishing system. The authors agreed to the retraction.
