

Since January 2020 Elsevier has created a COVID-19 resource centre with free information in English and Mandarin on the novel coronavirus COVID-19. The COVID-19 resource centre is hosted on Elsevier Connect, the company's public news and information website.

Elsevier hereby grants permission to make all its COVID-19-related research that is available on the COVID-19 resource centre - including this research content - immediately available in PubMed Central and other publicly funded repositories, such as the WHO COVID database with rights for unrestricted research re-use and analyses in any form or by any means with acknowledgement of the original source. These permissions are granted for free by Elsevier for as long as the COVID-19 resource centre remains active.

The publisher regrets to inform that due to a typesetter error during the correction of the proofs, the following errors were missed:

In Table 2: National HCW should be 2.69 with a 95% CI of 2.48-2.93, as indicated in the text.

On page 9, the duplicate word “suggests” was not removed.

The Publisher apologises for these errors and any inconvenience caused.
