The original version of this Article contained an error in the Statistical analysis section, where

“Subsequently, for each tooth and for each site, a comparison was made between the quantitative distributions of the test group samples with control group samples through a Student’s t-test for independent samples with the hypothesis of homoscedasticity.”

now reads:

"Subsequently, for each tooth and for each site, a comparison was made between the quantitative distributions of the test group samples with control group samples through a paired Student t-test with the hypothesis of homoscedasticity."

The original Article has been corrected.
