

CORRIGENDUM

Efficacy and Safety of a Subanesthetic Dose of Esketamine Combined with Propofol in Patients with Obesity Undergoing Painless Gastroscopy: A Prospective, Double-Blind, Randomized Controlled Trial [Corrigendum]

Zheng L, Wang Y, Ma Q, et al. *Drug Des Devel Ther.* 2023;17:1347-1356.

Page 1351, Hemodynamic Results, second sentence, the text “HR, SBP, DBP, and SpO₂ were significantly lower at T2, T3, and T4 in group C than in group S (P<0.05)” should read “SpO₂ was significantly lower at T2, T3, and T4 in group C than in group S. The HR, SBP and DBP were significantly lower at T2 and T3, while higher at T4 in group C than in group S (P<0.05)”.

The authors apologize for this error.

Publish your work in this journal

Drug Design, Development and Therapy is an international, peer-reviewed open-access journal that spans the spectrum of drug design and development through to clinical applications. Clinical outcomes, patient safety, and programs for the development and effective, safe, and sustained use of medicines are a feature of the journal, which has also been accepted for indexing on PubMed Central. The manuscript management system is completely online and includes a very quick and fair peer-review system, which is all easy to use. Visit <http://www.dovepress.com/testimonials.php> to read real quotes from published authors.
