# Erratum to: The potential effectiveness of the nutrition improvement program on infant and young child feeding and nutritional status in the Northwest and Southwest regions of Cameroon, Central Africa

Kate Reinsma<sup>1\*</sup>, Godlove Nkuoh<sup>1</sup> and Emmanuel Nshom<sup>2</sup>

## Erratum

Following the publication of this article [1] it was brought to our attention that there is a recurring error in the 'Results' section of the 'Abstract' and the 'Stunting' section of the 'Results'.

The sentence: "...children were five times (OR: 5.5; CI: 3.37, 9.02;  $\beta = 1.71$ ) more likely to be stunted at non-NIP sites compared to non-NIP sites" should instead read: "... children were five times more likely to be stunted at non-NIP sites compared to NIP sites".

## Author details
