In the Supplementary Information file originally published with this Article, parameter k_6 was omitted from Table 2. This error has been corrected in the Supplementary Information that now accompanies the Article.

In addition, the model source codes were omitted.

There was also an error in Fig. 1, where reaction ' k_5 ' now reads ' $2*k_5$ '. The correct Fig. 1 appears below.

These errors have now been corrected in both the PDF and HTML versions of the Article.
