## Correction to: BMC Genomics

<https://doi.org/10.1186/s12864-019-6034-1>

Following the publication of this article [1], the authors reported that the original shading in columns 3 and 4 of Table 3, which indicated the presence or absence of viruses in each library, had been removed during typesetting.

A corrected Table 3 indicating the presence or absence of viruses is included in this Correction article. The publisher would like to apologize to the authors and any readers for the inconvenience.
