

## Correction to “Production of Tartrates by Cyanide-Mediated Dimerization of Glyoxylate: A Potential Abiotic Pathway to the Citric Acid Cycle”

Christopher Butch, Elizabeth D. Cope, Pamela Pollet, Leslie Gelbaum, Ramanarayanan Krishnamurthy,\* and Charles L. Liotta\*

*J. Am. Chem. Soc.* **2013**, *135*, 13440–13445. DOI: 10.1021/ja405103r

### Supporting Information

Supporting Information, page S8. The caption for Figure S6, spectra C and D, was incomplete. The complete, corrected Supporting Information is now available.

### ASSOCIATED CONTENT

#### Supporting Information

Description of materials and methods, authentic, and standard comparison NMR spectra, mass spectrometry data of isolated compounds, experimental comparison NMR spectra, quantitative NMR information, calculated yields, and chemical shift information (corrected). This material is available free of charge via the Internet at <http://pubs.acs.org>.
