

Corrigendum: Gene drive inhibition by the anti-CRISPR proteins AcrIIA2 and AcrIIA4 in *Saccharomyces cerevisiae*

Erianna M. Basgall,^{1†} Samantha C. Goetting,^{1†} Megan E. Goeckel,^{1†} Rachael M. Giersch,² Emily Roggenkamp,¹ Madison N. Schrock,¹ Megan Halloran¹ and Gregory C. Finnigan^{1,*}

Microbiology 2018;164:464–474, doi: 10.1099/mic.0.000635

There was an error in the Conflicts of interest statement in the published article. It should state:

‘G. C. F. (Kansas State Univ.) has filed for a provisional patent on September 29, 2017 (U.S. Provisional Patent Application Serial No. 62/565,651, “Programmed modulation of CRISPR/Cas9 activity”) followed by a full patent filing on January 31, 2018 regarding the technology presented in this work.’

The author apologizes for any inconvenience caused.
