P.G. Bhide

Rodgers Eminent Scholar Chair of Developmental Neuroscience
 Department of Biomedical Sciences
 Florida State University College of Medicine
 1115, West Call Street
 Tallahassee, FL 32306-4300
 USA

Dr. Bhide is an eminent scholar, Professor and Director of the Center for Brain Repair at Florida State University College of Medicine. He received his degree in veterinary medicine from Veterinary College, Bangalore, India, and PhD in Neuroscience from the University of Aberdeen, Scotland. He obtained Postdoctoral research training at the University College London, England, Yale University, New Haven, CT, Massachusetts General Hospital, Boston, MA and Harvard Medical School, Boston, MA. Dr. Bhide was an Associate Professor of neurology at Harvard Medical School and a Vice-Chair for neurology research at Massachusetts General Hospital, in Boston until 2011, when he accepted his current position at FSU. Dr. Bhide is a senior editor of the journal *Developmental Neuroscience*. He

P.G. Bhide

has served on various committees for a number of scientific organizations including the US National Institutes of Health, Veterans Administration, Autism Speaks and National Parkinson's Foundation. Dr. Bhide founded Avekshan LLC, a Tallahassee based pharmaceutical company in 2014.
