Author Correction: The higher prevalence of extended spectrum beta-lactamases among *Escherichia coli* ST131 in Southeast Asia is driven by expansion of a single, locally prevalent subclone

Swaine L. Chen , Ying Ding, Anucha Apisarnthanarak, Shirin Kalimuddin, Sophia Archuleta, Sharifah Faridah Syed Omar, Partha Pratim De, Tse Hsien Koh, Kean Lee Chew, Nadia Atiya, Nuntra Suwantararat, Rukumani Devi Velayuthan, Joshua Guo Xian Wong & David C. Lye

Correction to: *Scientific Reports* <https://doi.org/10.1038/s41598-019-49467-5>, published online 13 September 2019

The original version of this Article contained a typographical error in the accession number in the Data Availability section where

“All raw sequencing data described in this manuscript is available in the Genbank repository, under BioProject PJRNA488345.”

now reads:

“All raw sequencing data described in this manuscript is available in the Genbank repository, under BioProject PRJNA488345.”

The original Article has been corrected.
