The concentration of salt in buffer A has been incorrectly documented in Materials and Methods, and the Results section. It should read as “buffer A (10 mM Tris–HCl (pH 8.0), 50 mM NaCl, 1 mM Na₂EDTA)” and not “buffer A (10 mM Tris–HCl (pH 8.0), 100 mM NaCl, 1 mM Na₂EDTA)”.

The authors would like to apologize for any inconvenience caused.
