Correction to: Bridging the evidence-to-practice gap: a stepped-wedge cluster randomized controlled trial evaluating practice facilitation as a strategy to accelerate translation of a multi-level adherence intervention into safety net practices

Antoinette Schoenthaler^{1*}, Franzenith De La Calle¹, Amanda Soto¹, Derrel Barrett¹, Jocelyn Cruz¹, Leydi Payano¹, Marina Rosado¹, Samrachana Adhikari¹, Gbenga Ogedegbe¹ and Milagros Rosal²

Correction to: *Implement Sci Commun* 2, 21 (2021)

<https://doi.org/10.1186/s43058-021-00111-2>

Following publication of the original article [1], it was reported that the definition of blood pressure (BP) control for the secondary outcome was incorrectly stated as systolic BP <130 and diastolic BP <90 mmHg. The correct definition of BP control is systolic BP <140 and diastolic BP <90 mmHg.

The original article has been corrected.
