Clinical Kidney Journal, sfy038, <https://doi.org/10.1093/ckj/sfy038>

In the first sentence of the discussion, the below sentence:

Idiosyncratic effects of azathioprine therapy occur independently of dose with an incidence of one in six (5%)

has been replaced with:

Idiosyncratic effects of azathioprine therapy occur independently of dose with an incidence of 1-6.5%.

This has now been corrected online.
