P. Liang

Capital Normal University
Beijing
China

Dr. Peipeng Liang received a Ph.D. degree from the Beijing University of Technology in 2009. He joined the radiology department of Xuanwu hospital as a post-doctoral research fellow in 2009 and became a research faculty in 2011. He has been a professor at the School of Psychology, Capital Normal University, since 2018. His research direction is cognitive neuroscience and neuroimaging, including cognitive neural mechanisms of human reasoning, the construction and application and human brain atlas, etc.
