### Abstract

Correction to Tudor-Locke C, Hart TL, Washington TL: **Expected values for pedometer-determined physical activity in older populations.** *International Journal of Behavioral Nutrition and Physical Activity* 2009, **6**:59

### Correction

After publication of this work [1], we noted that some of the reference numbers in Additional file 1 were incorrect [2-29]. Here we provide the correct table and new reference list.

### Additional material

#### Additional file 1

Table 1. Expected values for pedometer-determined physical activity in healthy older adults. [2-29].
