Correction to: A paraneoplastic limbic encephalitis from an anorectal small cell neuroendocrine carcinoma: a case report

Raffaele Longo^{1*}, Marc Wagner², Benjamin Savenkoff³, Mathilde Chastenot de Castaing¹, Guillaume Desiro¹, Zead Tubail³, Laurent Hennequin⁴, Sinan Ben Mahmoud⁵, Nathalie Marcon⁶, Philippe Quetin⁷, Marco Campitiello¹ and Francesca Plastino¹

Correction to: *BMC Neurol* 19, 304 (2019)

<https://doi.org/10.1186/s12883-019-1542-9>

Following publication of the original article [1], the authors would like to correct the statement under Case presentation, second paragraph.

The sentence currently reads:

“The lumbar ponction revealed a clear pleocytose (1 white cell/mm³; NV < 1 cells/mm³) and elevated protein levels (1,15 g/L; NV < 0,40 g/L) without any evidence of tumor cells. We documented the presence of serum anti-neuronal Hu antibodies...”

The sentence should read:

“The lumbar ponction **did not reveal a pleocytosis** (1 white cell/mm³; NV < 1 cells/mm³) **but** elevated protein levels (1,15 g/L; NV < 0,40 g/L) without any evidence of tumor cells. We documented the presence in the serum and **in the cerebrospinal fluid (CSF) of anti-neuronal Hu antibodies...**”

The original article [1] has been updated.
